

## **CODE OF CONDUCT FOR BOARD OF DIRECTORS**

The following Code of Conduct (or the Code) is designed to ensure the CFSRA maintains integrity and credibility with our residents, government representatives, other Ratepayers associations and within our own Association. The Code directly applies to all current serving Board of Directors and immediate past president if serving in an active role on the board.

### **Service**

Act with fairness, honesty, integrity and openness. Respect the opinions of others and treat all CFSRA members, residents and others we interact with while conducting CFSRA business with equality and dignity without regard to gender, race, colour, creed, ancestry, place of origin, political beliefs, religion, marital status, disability, age, or sexual orientation. Promote the mission and objectives of the CFSRA in all dealings with the public on behalf of the CFSRA.

### **Internal Board Conflict Resolution Policy**

All members of the board are to communicate with each other respectfully in all circumstances.

It is important to have diverse opinions and engage in productive debate on the issues impacting our community. However, diverse opinions and productive debate does not include attacking others for their opinion. Combative, aggressive, or passive aggressive responses to others is not a style of communication that fosters cohesion and teamwork. Dissenting responses are to be focused on disagreement with a person's opinion, not on the person. All internal communication about board member issues should remain internal and not posted on public sites, including our official social sites and website.

If after fulsome discussion regarding a topic resolution cannot be reached, the board will conduct a vote and all board members will be required to respect the decision made.

### **Accountability**

Act with honesty and integrity and in accordance with this Code and the CFSRA by-laws. BOD members, including Officers may not express their personal opinion in public as an official CFSRA position. Respect items that are voted on and approved by the BOD even if you disagreed with the vote.

### **Conflict of interest**

Conflict of interest arises when a person participates in a decision about a matter (including any contract, leasing, sale or provision of goods and services) which may benefit or be seen to benefit that person because of his/her direct or indirect monetary or financial interests affected by or involved in that matter.

Examples of conflicts of interests are:

- You will/or will be perceived to be personally benefiting from a Board Decision
- Your duty to your organization/group competes with a duty or loyalty outside of the group
- An immediate family member/close friend will gain an advantage or will be shown a preference with the Board Decision
- Gifts/Gratuities that are accepted and applicable to the Vote

It is the duty of any person taking part in the operations of the CFSRA to not be in a conflict of interest position at all times. In the event that such a matter arises, the board member shall formally disclose the interest, refrain from attempting to persuade or influence other board members participating in the decision, and shall not cast any vote on the matter.

As a general practice the CFSRA will review all agreements prior to entering into any contracts to ensure there is no conflict of interest present. Also prior to any agreements being signed by the authorizing parties (to be declared) a declaration at the monthly meeting and included in the minutes will be announced.

### **Confidentiality**

Confidentiality for the purposes of this document refers to all information pertaining to the interests of CFSRA members. Any personal information relating to an CFSRA member is to be kept confidential and not to be shared publicly -- this includes email addresses, home addresses or phone numbers. We will use member email information for conducting CFSRA business and if any third party is engaged to help with such business, a non-disclosure agreement will be executed.

When a board member is seeking information or guidance and consults with a past board member or other CFSRA resident or member of another ratepayer's association who has specialized expertise, they must ensure the person engaged understands that any information shared is confidential and not to be disclosed to anyone else. Any such conversations must be disclosed to the board.

It is expected that all BOD business should be kept confidential amongst the board members until the information is deemed public information and disclosed to the community.

### **Personal or Sexual harassment**

Sexual harassment is any conduct, comment, gesture or contact of a sexual nature that one would find to be unwanted or unwelcome by any individual, or that might, on reasonable grounds, be perceived by that individual.

Personal harassment means any conduct whether verbal or physical that is discriminating in nature, based upon another person's race, colour, ancestry, place of origin, political beliefs, religion, marital status, physical or mental disability, sex, age or sexual orientation. Personal harassment also includes any form of bullying in person or online.

It is discriminatory behaviour, directed at an individual, that is unwanted or unwelcome and causes substantial distress in that person.

The CFSRA has a zero tolerance policy with respect to Personal /Sexual Harassment with respect to board members behaviour with other board members and with the public while performing CFSRA responsibilities.
